Mobiles & Mobile Broadband
Hosted IT Solutions & IT Support

Case Study

X-Press Legal Services

X-Press delivery of communication solution thanks to Eurolink Connect

For X-Press Legal Services Gloucestershire, internet use is a cornerstone of their business, with all the staff relying on fast and efficient internet searches to complete their work. To date, for the team in the Stonehouse based office, the internet has been a huge restriction, proving slow and unreliable at times. Following an introduction through their IT Support Provider Severnside Software Limited, X-Press Legal Services Gloucestershire owner Penny Brierley approached Eurolink Connect for an improved solution.

For X-Press Legal Services Gloucestershire, one of the key issues they face is a lack of Superfast Connectivity in the area; without it, they rely on standard broadband lines which struggle to keep up with staff demand. To overcome this issue, Eurolink suggested Hub & Spoke, 100/10Mbps Ethernet Fibre Connectivity which has 100% geographic coverage and offers a cost-effective, secure, high-speed connection. Not only are the bandwidth and performance of Ethernet guaranteed, but they are cheaper and more cost-effective than leased lines, saving X-Press Legal Services Gloucestershire money.

Penny Brierley, Owner, X-Press Legal Services Gloucestershire comments, *“Our internet connection has always been unreliable and it had reached the stage where it was starting to impact our business. Our IT Provider recommended Eurolink and actually commented how easy it was to work with the Eurolink Technician Team. Eurolink listened to our issues, and provided valuable advice and guidance for a solution that meets our*

needs and is already working! I cannot tell you how valuable a superfast connection is and what a difference it has already made to the business.”

Eurolink Director Claire Maddox comments, *“Ethernet Connectivity isn’t for everyone, but given the issues faced by X-Press Legal Services Gloucestershire and their location, Ethernet Fibre is a must. X-Press Legal Services Gloucestershire is a professional and fantastic team and I hope that this new solution is going to help them be even better!”*

About the Businesses:

X-Press Legal Services, of which X-Press Legal Services Gloucestershire is a franchisee, is a national supplier of property related searches for Solicitors and Licensed Conveyancers. They provide clear, concise and accurate reports supported by a first class administration system resulting in hundreds of searches every day. For more information visit www.xpresslegal.co.uk

Severnside Software Limited (SSL) is a Gloucestershire based company offering commercial IT Support, software development and networks and servers. They have been established over 20 years and now provide support to more than 50 companies worldwide. For more information visit www.ssl-uk.net
